Administrative Service Organization (ASO) for Maryland Public Behavioral Health Systems RFP # MDH-OPASS #20-18319

Addendum #2

Issued: January 9, 2019

All persons who are known by the Issuing Office to have received the above-mentioned RFP are hereby advised of the following revisions to the RFP.

Revisions to RFP are as follows:

The Department has extended the Due Date for Receipt of Proposals to **Thursday, February 28, 2019 no later than 2pm local time.**

The Department has extended the Questions Due Date and Time to **Friday, January 11, 2019 no later than 2pm local time.**

The Department has made additional revisions to the RFP as listed below:

- 1) Liquidated damages associated with Page 70, Chart #1 has been removed. The work on the measures will be a collaborative effort between MDH and the ASO as well as with Stakeholders, but there will not be a penalty on the ASO for failure to "move the needle"
- 2) Based on feedback regarding security requirements, The Department has attached the CMS guidance from 2015 regarding the security level for handling Medicaid claims. We do **NOT** require compliance with this plan at the time of proposal submission. You do need to submit a plan that would include an implementation timeline and an analysis for any items that you may suggest are not applicable. This plan/analysis for NIST/MARS 2 readiness is performed by the contractor. We will accept either readiness at the time of implementation or a plan for implementation within a time frame determined by the Contract Monitor post go-live.

All other terms and conditions remain unchanged.

This Addendum is issued under the authority of State Procurement Regulations COMAR 21.05.03.02 and with the approval of the Procurement Officer MDH.
